## EXPERIENCE

---

### Control Room

**PCM Mangara Limited a Perenco Company**

**October 2022 – Present, Badila, Chad**

- Control Room
- SPT operator (Terminal process monitoring, pigging etc.)
- CPF operator (Facilities Process overview)
- Operator on the wells (wells and VSD monitoring, putting wells on test via test separator and VX spectra MPFM etc.)
- LACT operator.

### Production Operator

**PCM Mangara Limited a Perenco Company**

**August 2022 – September 2022, Badila, Chad**

- Control Room
- SPT operator (Terminal process monitoring, pigging etc.)
- CPF operator (Facilities Process overview)
- Operator on the wells (wells and VSD monitoring, putting wells on test via test separator and VX spectra MPFM etc.)
- LACT operator.

### Engineer in Methanation and biogas studies

**Energy Resilience and Valorisation of Biodegradable Materials Project  
(P.R.E.V.M.B)**

**June 2021 – June 2022**

**, Adamaoua region and the Far North of Cameroon**

### Oilfield and Production Senior Operator Facilities

**Glencore PCM southern Production Terminal facility**

**April 2019 – April 2021, Badila, Chad**

- Monitor plant operations, and make necessary adjustments to ensure optimum plant performance, management of change.
- Work with the maintenance and I&E technicians in maintaining.
- Ensure that all work in the plant is performed in a safe and environmentally friendly manor and that work is performed according to Process Safety Management standards.
- Follow all Glencore's regulations, procedures, operations standards (SOP) such as Permit to Work System as per toolbox meeting and J.A.S.
- Effectively communicate with Plant Management, Plant Maintenance Technician, Plant I&E Technician and others Plant Operators.
- Effectively communicate with the operations staff operation to customer specifications.
- Reading sheet.
- Tanks transferring performed.
- Adjusted M.O.V's (Motors Operating valves).
- Strainers clean up.
- Flash bridles LZT, LIT, and others.
- Make the isolations process for monthly preventions maintenances.
- Take samples to make the BSW (Basic Sediments and Water) with Centrifuge systems.
- Adjusted and calibrated the chemicals as we needed.
- Line up the Pig receiver and launch pig, isolated the pig receiver to pig retrieved.
- Monitoring High Pressure Water Pump injection.

### Operator (Assistant Supervisor), Department of Well Interventions, Rig less and Coil Tubing

**Schlumberger Chad**

**May 2014 – February 2016, N'Djamena, Chad**

- Stimulation of oil wells by pumping method.
- Intervention to reduce the pressure of the bottom of the well (oil and gas).
- Operate and Monitor Gas well.
- Fixing packer.
- Testing the mechanical integrity of the well and its components.
- Unlocking the tools blocked by the viscosity of the crude oil (acid injection, diesel, etc. in production wells and recovery wells).
- Machine maintenance (MPF3421 3033) for operations.
- Repair and exchange of components of RB56, RA45, and triple pumps, processing equipment (2/2, 2/1 butterfly valves, etc.), 2- to 3-way pivot pipe components, etc.; And
- Storage of chemicals of different qualities according to Schlumberger storage standards, design sheets;
- Mixing chemicals according to their different PH (Hydrogen Potential) by the use of density Vann and Ph. meter and taking into account their M.S.D.S ('Materials Safety Data sheet'): granulated salts (D044), calcium chloride (Nacl), ash soda, acid, xylene (A026), mutual dissolvent (U066), non-emulsifier agent (W054), migration control particles (K302), diesel (U051), etc.;
- Transfers of products to work site.

## Foreman

### Great Wall Drilling Company

October 2012 – December 2012, N'Djamena, Chad

- Drilling with different mud drilling
- Installation and relocation of drilling rigs
- Mix products for drilling mud; And
- Maintaining the circulation of drilling mud;
- Maintenance of equipment (drilling mud pumps and pressure shutter blocks (BOP), sieve-vibrator, etc.)

## Intern

### China National Logging Corporation (Chad)

June 2012 – July 2012, N'Djamena, Chad

- Maintenance of slam-job tools (HDRT, HRAS (sonic), REC, BDS, MFS, NEC, CNS, TGR, TTR, SP.
- Maintenance of tools for CBL (cementing): CCL, TGR, HRAS, Etc.
- Maintenance of Head and bridge-block cables.
- Interpretation of diagrams and connection of tools.

## Intern

### Chadian Ministry of Oil and Renewable Energy

November 2011 – February 2012, N'Djamena, Chad

- 'Exploration' service (geology and geophysics);
- 'Development' (drilling) service;
- 'Transport and Counts of Hydrocarbons' (Reservoir Engineering) service;
- 'Production Engineering' service.

---

## EDUCATION

### Master's degree in Energy Engineering and Environment options Renewable Energies

Agronomic University Institute of Tchang • Cameroon • 2023

### Online Master's degree of Petroleum Engineering

Monastir Oil and Gas Institute (OGIM) • Tunisia • 2018-2019

### Intensive English Language Learning Program

BIEP Buea • Cameroon • 2012

### Hydrocarbon Exploitation Engineer's Degree option 'Drilling and Production'

Polytechnic Higher Institute Francophonie of N'Djamena • Chad • 2010

- Thesis 'Performance and optimization of pumping production: case of the submersible centrifugal pump'

### Diploma of Senior Technician in Hydrocarbon Production

Polytechnic Higher Institute of the Francophonie of N'Djamena • Chad • 2009

### Baccalaureate Science Series

High School Adoum Dallah • Moundou, Chad • 2007

---

## CERTIFICATIONS

### Barge Cameroun - Production

PERENCO BARGE TRAINING CENTER • December 2023

### Barge Cameroun — CHANTIER QHSE

PERENCO BARGE TRAINING CENTER • December 2023

### Habilec HO/BO (Electrical hability level 1)

PERENCO Training in Chad

### Mobile Crane Supervisor on Earth - Module 2015

TechniForm • December 2015

### Beyond the Break Security Leadership - Module 2016

Beyond the Break • January 2016

### Smart Driving - Schlumberger (DTE 2)

Schlumberger N'Djamena (Chad) • January 2016

### Permit to Work

Whaterford drilling company (Chad)

### **Work in Heights**

Schlumberger N'Djamena (Chad) · November 2014

### **Plan on Mechanical Lifting Operations (work standard)**

Schlumberger N'Djamena (Chad) · May 2014

### **Pressure Level 1 and 2**

Schlumberger N'Djamena (Chad) · July 2014

### **Supervision on The Wells Cites (working standards)**

Schlumberger N'Djamena (Chad) · July 2014

### **Hand Injury Prevention Module**

Schlumberger N'Djamena (Chad) · July 2014

### **Maintenance Workshop (Work Standards)**

Schlumberger N'Djamena (Chad) · February 2015

### **Komé Project Manager SLI Leadership Award November 2014**

Schlumberger N'Djamena (Chad) · November 2014

### **CIWT Safety Indicators and Leadership (SLI) Modules 2014**

MF Brown - Pty Associates LTD · June 2014

### **Job Safety Analysis (JSA)**

Schlumberger N'Djamena (Chad) · May 2014

### **New Employee Safety Training (NEST)**

Schlumberger N'Djamena (Chad) · May 2014

### **General HSE Induction 'Glencore Chad'**

February 4, 2020

### **Malaria awareness 'Glencore Chad'**

March 25, 2020

---

## **SKILLS**

Languages: French: Current, English: Current — Local Arabic: Current

Technical Skills: Windows Pack Office (Word, Excel and PowerPoint), Outlook, CemCAT (Rigless And pumping Injection logiciel stimulation), Etc.
